INSPIRING HOPE FOR
A GLOBAL COMMUNITY™

INTERNATIONAL CREDIT UNION DAY

THURSDAY, OCTOBER 15, 2020

Each year we come together to celebrate International Credit Union Day (ICU Day) and to raise awareness about what it means for members around the world to have a credit union as their financial partner. This year's global health crisis has been trying for many communities around the world, but credit unions stayed true to their cooperative principles and stepped up during this time of economic uncertainty. Hope is a global resource that everyone has a right to feel and experience. This year's ICU Day theme, "Inspiring hope for a global community," reflects how credit unions contribute to a brighter future by providing financial empowerment to people all over the world through financial services, education and support.

Tips to Revamp Your Holiday Shopping Habits

Overspending during the holidays can all too often cost more than you realize. With these simple tips, you can avoid common shopping mistakes and prevent long-term financial damage caused by overspending.

- **Don't bust your budget.** Start with a gift list, but then don't forget to include the smaller items, such as holiday cards, office parties, and travel expenses. Once you've created the list, break down how much you can afford to spend on each person or event. When you've used up all of your holiday money, it's time to stop spending.
- **Don't buy to impress.** You may want to buy something a little nicer for your parents or a close friend, but try not to go overboard on gifts. Remember, most people prefer a thoughtful gift to an expensive one.
- **Don't forget to shop around.** You may be the type that hates running from one store to the next to find the best deal, but one of the biggest shopping mistakes is failing to comparison shop. In the very least, look online at two or three different stores before you go shopping. This will give you an idea of how much an item should actually cost.
- **Don't wait until the last minute.** Empty shopping aisles are the dread of every last minute shopper. Avoid spending too much on an item due to low inventory by shopping ahead.
