Chip Cards: Increasing Security & Reducing Fraud

As EMV chip card technology quickly becomes the security standard in the U.S., many merchants are beginning to accept chip cards. At Aeroquip Credit Union, we want our members to be ready for those changes too. We will soon be replacing standard magnetic strip cards with safer, more secure chip cards. The new chip on your Aeroquip card will provide additional security when used at a chip-enabled terminal, and the data stored on the chip will be more difficult to counterfeit – giving you extra peace of mind with every purchase you make. If you are a current Aeroquip cardholder, watch for more information about your new chip card coming soon!
